

Smart technology, smart products.

PRODUCT CATALOGUE 2017

**Don't stick it,
Bostik it!**

For every industry, every business and every home.

INNOVATING YOUR WORLD

As one of the world's leading manufacturers of adhesives and sealants, we employ more than 400 research chemists and technicians in 10 regional technology centres with the sole purpose of ensuring that our products meet the very highest standards of innovation, quality and performance.

PROTECTING YOUR WORLD

As a responsible eco-aware company, we are fully committed to preventing pollution and maintaining the highest practicable standards in environmental control at all our manufacturing sites.

ENHANCING YOUR WORLD

Our instantly recognisable brands are household names, trusted by millions of DIY and professional users around the world and we've built a strong reputation for backing our first-class products with first-class support for all our customers in all our markets.

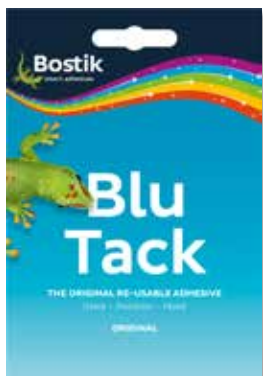

In short, whichever of our wide range of products you choose to buy, you can be completely confident that you have bought the best product for the job!

Intucrylic

- High quality, acrylic intumescent building sealant
- Achieves up to 4 hours fire resistance in suitable structures
- In the event of fire it will swell (intumesce) to form an insulating char which resists the passage of smoke and flames
- Overpaintable
- Excellent adhesion to a wide variety of building materials
- Will not slump in joints up to 30mm

Fireseal Silicone

- High quality silicone sealant
- Achieves up to 5 hours fire resistance in suitable structures
- Effective as a service penetration seal for both metal pipes and cables, particularly where movement is a factor, e.g. hot and cold water pipework
- Excellent adhesion to wide variety of building materials
- Will not slump in joints up to 25mm wide
- Interior and exterior

Fire & Acoustic Sealant

- High quality, acrylic intumescent building sealant
- Sound deadening properties when applied to suitable joints
- Helps to restore acoustic integrity of structures by sealing gaps through which sound can escape
- Achieves up to 4 hours fire resistance in suitable structures
- Overpaintable
- Excellent adhesion to a wide variety of building surfaces
